- Suez, Egypt

SUMMARY

Experienced Cyber Security SOC Analyst with a strong foundation in threat detection, incident response, and security operations. Proficient in utilizing SIEM tools and security technologies to safeguard IT infrastructure.

EXPERIENCE

Full stack web developer 09/2024 - Present
Global Technical Services

Head Cyber security 08/2023 - 07/2024
GDSC-FA

Training and Awareness Programs: Conducted regular training sessions and workshops to educate members and students on best practices in cyber security, including phishing prevention, password management, and secure coding practices.

Cyber security 07/2023 - 08/2023
ITI

During my 120-hour Cyber Security training at the Information Technology Institute (ITI), I acquired in-depth knowledge and practical skills in protecting information systems. The courses covered topics such as network security, ethical hacking, encryption, and risk management. The hands-on projects I worked on were crucial in applying theoretical knowledge to real-world scenarios, significantly enhancing my technical abilities and preparing me for real-world cyber security challenges.

EDUCATION

Computer science 09/2020 - 07/2024
Future Academy - B.Sc in Computer Science
Very good high [GPA: 3.65]

CERTIFICATES

ITI Cyber security

ITI Artificial intelligence

Cisco Certified Network Associate (CCNA)

Cisco Certified Network Professional Security (CCNP)

Secure Software Development Lifecycle (SSDLC)

Red Hat System Administration I

Certified Ethical Hacker (CEH)
